

An aerial view of an offshore oil and gas platform in the middle of a blue ocean. The platform is a complex of white and grey metal structures with a green helipad on top. Two tall, lattice-structured towers rise from the platform. In the foreground, a red and white supply vessel is docked at the platform. In the background, another smaller vessel is visible on the water.

# Oil & Gas

RHL's Oil & Gas division specialises in staffing solutions for both the offshore and onshore Oil and Gas industry globally across Exploration & Production, Conceptual, FEED, Detailed Design, EPC, Construction, Commissioning, Operations and Maintenance. We have been a leader in our field for over thirty years.

We offer a full portfolio of recruitment services in order to source contract, interim and permanent individuals as well as offering bespoke services such as Executive Search, Contract Management, Payroll Services and Recruitment Advertising.

RHL partner with each client and build long term relationships to ensure we understand and meet their needs. Our approach is adaptable, since no two clients are the same. This flexibility allows us to adjust to the ever evolving business realities faced by our clients.

Because our consultants specialise in specific areas we know the market in depth and are connected to the people currently employed in these sectors. Through engagement with both passive and active candidates we are able to provide our clients with shortlists of qualified and competent people.

Supported by a number of offices we are able to provide local, national and global campaigns.

## Roles we recruit for include:

- **Engineering**
- **Project Controls**
- **Design**
- **Project Management**
- **Construction**
- **Commissioning**
- **Operations & Maintenance**
